Grassmere Princess 60 (P)
Grassmere Princess S213 (P)

Spark sold in New Zealand for \$30,000 to a syndicate of studs. Very easy doing progeny and great reports from all who have used semen from this sire. Very deep and thick with excellent scan data on progeny for EMA, Positive Fats and IMF. All who see the sire in New Zealand admire him greatly- even Angus breeders wish he was black! Scanners in New Zealand pick his progeny while scanning them for their EMA and IMF without knowing their breeding. Bowen purchased 100 straws after seeing Spark, his dam and progeny earlier this year- also because of his shorter gestation length without sacrificing growth and performance. A bull whose progeny will handle true commercial conditions.

REFERENCE SIRE: THE RANCH NAVAJO E37

The Ranch Navajo E37 was second in his class in Dubbo 2011 and impressed me with his phenotype, quality and breeding. A son H63 had the biggest EMA of all H Drop bulls scanned. In our experience his calves were all calved unassisted and were not extreme.

REFERENCE SIRES:

NOOKEN XCALIBUR

Eye pigmentation 100%

Nooken Xcalibur was used extensively at Warrensville. His calves are impressive with plenty of muscle and growth. Nine sons sold to \$6,500 and averaged \$4444 at our 2008 Sale. His daughters are very feminine and have plenty of quality. Xcalibur was purchased for \$10,000 2004 Dubbo National where at just over 25 months he weighed 1125 kg and scanned 131 sq cm EMA. He weighed 1415 kg in August 2006 and sired the top scoring All Breeds Steer in the School section, Adelaide Royal Show 2006. Check out his EBV's within the Top 10% for 600 day Weight, Top 5% for Milk, Top 5% for EMA, Top 10% for Rib Fat and Top 10% for Rump Fat. Two sons were used in the herd, Destiny A203 and Xcalibur D162.

1416kg at maturity

WARRENSVILLE KEYSTONE A196

Eye Pigmentation 100%

Keystone A196 was used extensively in our herd. A quality soft coat, extra long body length, good feet and exceptional calving ease and ability to do well in dry times were his trademark.

His dam has bred extremely well and was by our exceptional breeding sire Bobanken Southern Cross S48

A son, Warrensville Keystone G25 has been retained. His exceptional growth, big hindquarters and gentle disposition will carry on his father's work.

WARRENSVILLE SOUTHERN CROSS E30

Eye pigmentation 100%

Southern Cross E30 has bred very well at Warrensville.

A long bodied, well muscled, sure footed bull, E30 sires calving ease, quality skinnned cattle with ample growth.

His sire Bobanken Southern Cross S48 was purchased for \$21,000 at 14 months of age and has proven to be an exceptional breeding bull. At our 2002 Bull Sale 17 sons sold to \$13,000 to average \$6,118. At our 2003 Bull Sale 12 sons sold to \$5,500 to average \$3,771. At the 2004 Bull Sale 8 sons sold to \$7,000 to average \$4,969. His females are amongst our best breeding females and include the dams of Keystone A196, Triumph A43, Foundation A172 and Aberdeen B220 retained as Sires.
